### LIMIT DISTRIBUTION

Substance US recommended course of action as outlined Department's 1797  
to Bonn given British and French Ambassadors in tripartite meeting here today.

Full text memorandum handed them being sent by airgram.

British and French Ambassadors made only preliminary comments; but  
of course would have to refer text to Governments. French Ambassador appeared to  
have reservations regarding some points especially UN procedure. There will be further meeting as soon as they receive  
instructions.

When agreed by British and French Governments, course of action will  
require following action in Germany immediately.
